PHOTOGRAPHY AND DESIGN

HISTORY OF SHE-N-HE

She-N-He photography and design is made up of husband and wife team Melanie Grizzel and Steve Howe. Melanie has been shooting professionally for 18 years primarily in both advertising and editorial for clients such as Bank of America, Kodak and Maxwell House and in publications like People, Money Magazine, Dallas Morning News and The New York Times. After relocating from New York to Austin in 2006 to start their family, she and Steve started shooting weddings and quickly fell in love with the city and the amazing couples they've met so far. Steve has been a graphic designer since 2005 when he formed his own design business for non-profit art & theatre companies in New York. He is now an Art Director/Interactive web designer at an Austin ad agency and recently launched "HeDesign" the wedding invitation and print design arm of She-N-He.com.
